

SICOT
40th Orthopaedic World Congress

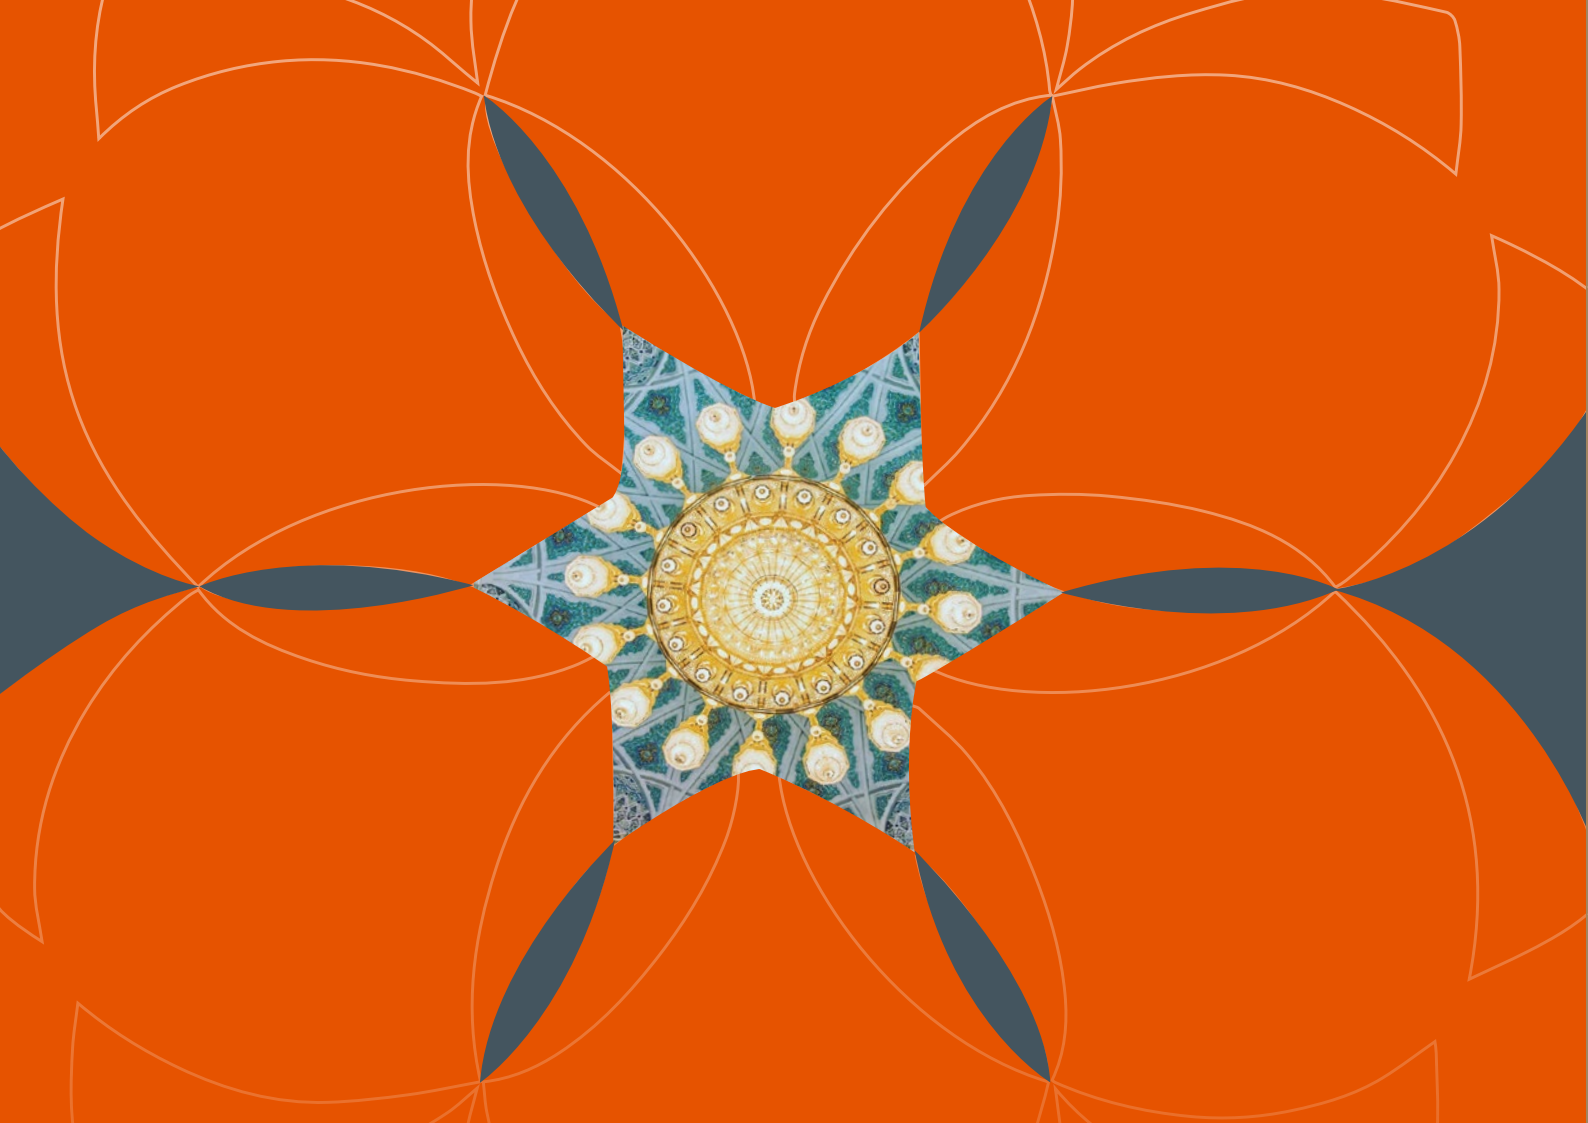

PROSPECTUS

4-7 DECEMBER 2019

MUSCAT, OMAN

On behalf of SICOT's Congress Organising Committee, it is our pleasure to be celebrating the 40th SICOT Orthopaedic World Congress and the 90th anniversary of SICOT with you all. This will be the second time the event has been held here in the gulf and the very first for it to be held in Muscat, Oman.

With doctors attending from all over the world it is fitting that this is taking place here, in a region that has served as a focal point in the exchange of trade, knowledge and culture between the east and west for millennia. Oman's history dates back 5,000 years and it is the oldest country in the gulf, with an empire that once controlled the seas from the straits of Hormuz to the coastlines of east Africa.

From the silk route, which saw the exchange of goods between Europe, India and China, to the production of frankincense and its trading ports across east Africa, Oman possesses a rich history in commerce. This has influenced the culture significantly to this day, making it an open-minded multicultural society.

Oman is a country with 1,200 km of coastline, with landscapes that vary from the rolling hills and mountains in the Hajar range, to the arid windswept dunes of the deserts and the lush green oases and lands of Dhofar. It is here that the famed ancient city of Ubar can be found, and where hundreds of forts, towers and castles can be seen standing watch all across the country.

Muscat, once known to the Romans and Greeks as Cryptus Portus, the "hidden port", was described as a beautiful city that could not be found unless one knew where to find it, where the people were known to the Sumerians as Magan, the people of the sea. We welcome you all to experience first-hand our rich and vibrant history, as well as the natural beauty of our country, during your stay.

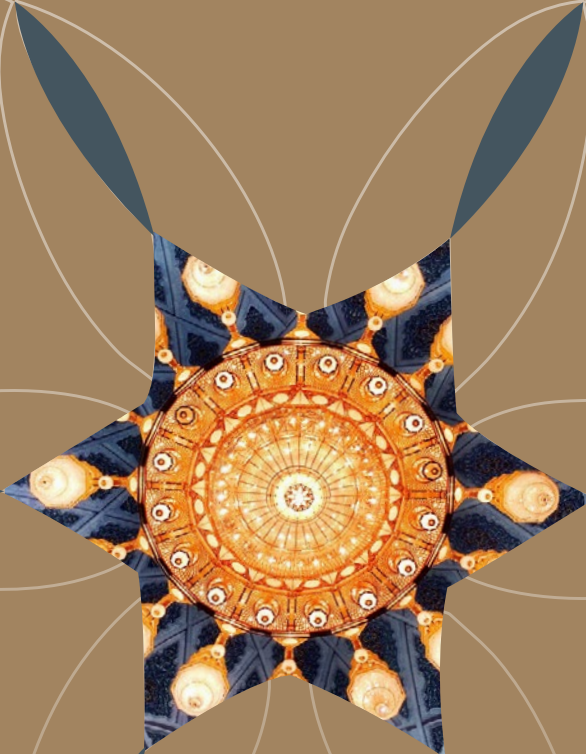

As the Congress is in collaboration with the Pan Arab Orthopaedic Association, we are expecting this to be one of the largest congresses to date, with doctors from all over the world gathering to share their experience. It will provide a golden opportunity for young orthopaedic surgeons in the form of workshops, lectures, free paper sessions, symposia and presentations on recent advancements in orthopaedics.

We, the Organizing Committee, are looking forward to seeing you and will make every effort to ensure you have a memorable experience with all that our country and the Congress can offer you.

Welcoming you to Oman,

Mohammed Hassan DARWISH
Congress President, of the 40th SICOT World Congress

Warm greetings from SICOT!

It will be my great pleasure to welcome you to the 40th SICOT Orthopaedic World Congress in Muscat, Oman, from 4-7 December 2019. SICOT has now evolved into the largest orthopaedic society in the world with thousands of corresponding members from 119 countries speaking over 100 languages. The Congress this year is held in collaboration with the Pan Arab Orthopaedic Association, and we are expecting this to be one of the largest congresses to date, with doctors from all over the world gathering to share their experience. This Congress will be a wonderful opportunity for young orthopaedic surgeons to take advantage of a wealth of knowledge

in the form of workshops, lectures, free paper sessions, symposia and presentations on recent advancements in orthopaedics. The Congress will reinforce and foster the SICOT mission to promote advancement of science and the art of orthopaedics and traumatology at an international level for the improvement of patient care, development of research and education and to facilitate the exchange of professional experience and fellowship.

There are three plenary lectures from famous surgeons of diverse fields in addition to seminars, symposia, video sessions and workshops. The prestigious SICOT Research Award papers will also be presented and selected.

The venue city, Muscat Oman, is a beautiful destination by the sea with a landscape that varies from mountains to deserts, with a wealth of history and intrigue for all attendees. The Congress venue is state of the art and will allow all to exchange ideas in comfort. Muscat has much to offer accompanying family members, with good options for pre- and post-conference tours.

So, spread the word: all aboard this most exciting gathering of innovation and technology in orthopedic surgery at the 40th SICOT meeting in Muscat Oman! Please do not miss this opportunity for a great academic and social event. We are waiting for you with open arms and a warm welcome.

Yours in SICOT,

Prof John Dormans MD FACS
President, SICOT

40TH SICOT

ORTHOPAEDIC
WORLD CONGRESS

4-7 DECEMBER 2019

MUSCAT, OMAN

In a region that has served as a focal point in the exchange of trade, knowledge and culture between the east and west for millennia, it is fitting that doctors and industry attending from around the world will be able to take back home an abundance of knowledge transfer and much more from the congress programme. The congress programme will include in the form of Hands-on workshops, lectures, free paper sessions, symposia and Plenary presentations on recent world-wide advancements in orthopaedics.

90th SICOT
anniversary

SICOT e-Science Bulletin

It is said that education is the cornerstone of progress. Our belief is that educating ourselves is the key to better patient care and all advances that go with it. Education is the prime objective of SICOT and with this aim we launch a new initiative: the e-Science Bulletin. This initiative features 4 issues in a year under the leadership of Dr Hitesh Gopalan from India with his specialty team. It will bring to you an understanding of contemporary orthopaedic research and literature. Ashok N. Johari SICOT Education Council Chairman

SICOT Code of Ethics

“The object of this non-profit organization is to promote the advancement of the science and art of orthopedics and traumatology at international level in particular for the improvement of patient care; to foster and develop teaching, research and education; to facilitate and encourage exchange of professional experience and to promote good fellowship among its members.”

PLANNING HAS BEGUN!

Building on the success of the scientific programme at the 39th SICOT Orthopaedic World Congress in Montreal in 2018, the SICOT Programme Committee chaired by Vikas Khanduja, and Congress Coordinator Rebecca White are already planning bigger and better things for the instructional sessions that will take place at the 40th SICOT Orthopaedic World Congress in Muscat.

Already in the pipeline, you can expect 50 state-of-the-art instructional sessions covering all aspects of orthopaedics and traumatology and led by 300 key opinion leaders from over 80 countries, 20 partner society sessions, 20 keynote lectures and three plenary lectures. The programme will also include the SICOT Diploma Exam, International Polytrauma Course and the 9th SICOT Educational Day focussed on Trauma. Combine all that with around 500 free papers, 800 e-Posters, 90 Just-A-Minute presentations and lunch workshops and you have the perfect recipe for a stimulating and diverse meeting that people keep returning to.

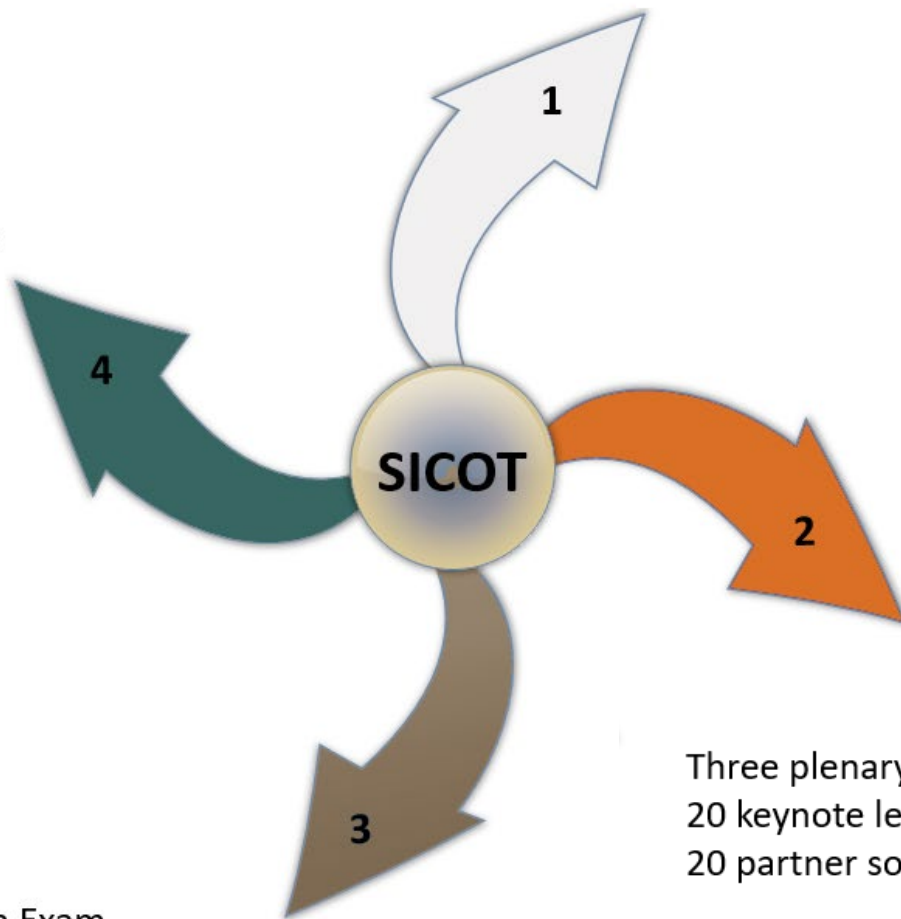

“The SICOT Orthopaedic World Congress was a well organised event and the effort in putting up an interesting and balanced scientific agenda was the centre piece of this success.”

EXHIBITION

Oman Convention and Exhibition Center

The Oman Convention & Exhibition Centre is located in its own fully integrated precinct only four kilometres from Muscat International Airport. Architecturally advanced in design and capability, this world class venue will be amongst the first to be built to meet the rigorous LEED certification by the U.S. Green Building Council. The Centre ensures a flow of the meeting spaces to suit the most discerning conference and exhibition organisers. It also incorporates expansive concourse areas to enable ease of large delegations with floor to ceiling windows overlooking landscaped gardens and water features.

3000 ATTENDEES EXPECTED

❖ Booth Information

EUR 500/m² per sqm. + VAT when applicable

Example of cost for a 9sqm x 500 = 4,500€ + VAT when applicable

- Minimum booth size permitted is 2 x 3 metres (6sqm)
- Larger booth spaces are available in multiples of sqm dimensions. For double-floor exhibits, please contact us in order to verify feasibility and to receive prior approval from the convention centre.

Fees include

- Access to the exhibition
- Company name, including website will be published on the SICOT Congress website and in the Final Programme.
- One copy of the Final Programme and Congress bag per exhibiting company or until supplies last.
- Complimentary representative badges will be allocated to each exhibit according to size and sponsorship categories.

- 6 or 9 sqm 2 exhibitor badges
- 18 sqm 3 exhibitor badges
- 27 sqm 6 exhibitor badges
- 45 sqm 8 exhibitor badges
- 60 sqm or more 12 exhibitor badges

The rates do not include VAT Taxes when applicable, AV, internet connexion, F & B, additional electricity or any special furniture that you may wish to order. All catering within the company's exhibition space and during the lunch symposiums/workshops will be the responsibility of the sponsoring company. Exhibiting company badges are forbidden to be used by surgeons or guests at any time! Additional badges for exhibiting company representatives can be purchased at the cost of EUR 150.00 per badge. Non-exhibiting companies can purchase exhibitor badges for EUR 400.00 per badge.

❖ Additional Points of Interest

“Major sponsors” will be given priority in choosing their exhibit space location.

SICOT wants to ensure that all our industry partners are treated in a fair manner - first come first served basis will be applied to allocated exhibit spaces.

Exhibition desk will be available during build-up and dismantling periods as well as during the congress.

Hospitality Suites: a small number of private meetings rooms are available to be used by sponsors for private meetings. Please contact Mrs. Lina Salvati: lsalvati@linsa.ca for available time slots and rental fees. These suites are not to be used for any scientific sessions or lunch symposia/workshops

- Exclusive Sponsorship of Final Programme - EUR 15,000

Continued Education is a priority for SICOT

DONATE NOW!

By providing an Educational Grant in any amount, your company can help off-set the Annual Meeting expenses such as AV and help us to keep the registration fees low.

By providing any of the below Grants or Donation you are contributing to the Continued Education of Orthopaedic Surgeons from around the Globe. Most awards provide opportunities for young trainees in Orthopaedic and traumatology to participate in international conferences.

The Société Internationale de Chirurgie Orthopédique et de Traumatologie (SICOT) was formed in 1929 by surgeons of good will to improve the physical health and wellbeing of the disabled. It is not limited by frontiers, language or complexity of challenge but only by its resources.

It has taken the Society many years to achieve full international working capacity but now serves the needs of 110-member countries.

SICOT's goals are achieved by increasing the knowledge and operating skills of Orthopaedic surgeons in all countries but especially where there is less opportunity to learn.

SICOT is working hard to meet the Orthopaedic challenges of the modern world; to lead the way to good health by stimulating research; to teach and train surgeons. It will improve methods for helping the injured and the disabled to return to a useful, self-sufficient life, free of pain; in fact, it seeks to restore a future to these patients.

SICOT Foundation Grants, Fellowships, Research Awards

The SICOT Foundation

The SICOT Foundation was formed in 1990 to manage funds donated for the purpose of helping SICOT achieve its research and education goals. The Foundation has supported young surgeons from developing countries to train abroad and to learn skills that can be applied in their own countries. It has supported training in methods of research and in techniques for the better management of Orthopaedic services to the public. The Foundation has promoted unity among Orthopaedic surgeons from around the world.

Funding Opportunities

With the support supplied by industry sponsors, the SICOT Foundation will continue to thrive. Untied by common goals, Corporate Partners and SICOT will benefit from opportunities to collaborate with SICOT members. These collaborations will engender better and more effective products, devices and services. More importantly, this exchange of knowledge and ideas will improve both groups abilities to care for patients.

Primary funding for the Foundation comes from organizations and individuals wanting to contribute to its scientific and education activities. Donors are invited to make contributions to "The SICOT Foundation" either for its general use or in support of specific programs.

SICOT Foundation Projects to name a few, for a complete list please consult our fellowship website <http://www.sicot.org/fellowships>

The Foundation Needs Your Help!

Examples of programs administered by SICOT and the SICOT Foundation are the Maurice E. Mueller award for original scientific or clinical research

- AAOS/SICOT International Surgical Skills Scholarship Program
- Alexandria/SICOT Fellowship
- APOA/SICOT Arthroplasty Travelling Fellowship
- APOA/SICOT Fellowship
- APSS/SICOT Spine Travelling Fellowship
- Assiut University / SICOT Training Fellowships
- Brussels University/SICOT Fellowship
- Charles Sorbie Visiting Professorship
- Ganga Hospital (India)
- German SICOT (Germany)
- HKU (Hong Kong)
- Japanese, Danish, German Scholarships and Canadian Fellowships
- Korean SICOT Awards
- Lester Lowe SICOT Awards
- Marcela Uribe Zamudio Awards
- Marmara University/SICOT Arthroplasty Fellowship
- NuVasive /SICOT Foundation
- Orthopaedic Research and Education Fund (OREF)
- Orthopaedics Overseas (OO) / Health Volunteers Overseas (HVO)
- OrthoPediatrix / SICOT Foundation
- SICOT / SIROT Awards
- World Orthopaedic Concern (WOC)
- Zamudio Fellowship

The Foundation needs your help. You can be assured that your donations will be used directly and efficiently for improvement in the quality of Orthopaedic care where it is most needed.

Your contribution will be acknowledged on our SICOT Foundation donors' list and in many other ways. You could have a scholarship in your name, depending on your desired level of support.
